PROFESSIONAL SUMMARY

Aspiring Front-End and WordPress Developer with a solid foundation in HTML5, CSS3, JavaScript, responsive web development and WordPress website creation. Passionate about building clean, user-friendly websites and continuously improving technical skills through hands-on projects. Experienced in developing responsive web applications and creating WordPress business websites using the Gutenberg Block Editor. Seeking a Front-End Developer, Web Developer, or WordPress internship or junior developer role where I can contribute, learn and grow as a software developer.

PROJECTS

Personal Portfolio Website

Technologies: HTML5, CSS3, JavaScript

- Designed and developed a responsive personal portfolio website from scratch.
- Created a modern landing page, About section, Skills section, and Projects page.
- Applied responsive design principles to ensure compatibility across desktop and mobile devices.
- Published the website using GitHub Pages.

LuxCooks Recipe Website

Technologies: HTML5, CSS3, JavaScript

- Designed and developed a responsive recipe website with a modern, user-friendly interface.
- Organized recipes into structured categories with intuitive navigation.
- Used JavaScript to add interactive functionality and improve the user experience.
- Applied CSS Flexbox and Grid to create responsive layouts across multiple screen sizes.

Calculator Web Application

Technologies: HTML5, CSS3, JavaScript

- Developed a browser-based calculator capable of performing basic arithmetic operations.
- Implemented JavaScript logic for real-time calculations.
- Designed a responsive interface using HTML5 and CSS3.
- Published the project on GitHub as part of a growing developer portfolio.

Lueur Skin Co. Website

Technologies: WordPress, Gutenberg, WPForms

- Developed a responsive beauty and skincare business website using WordPress.
- Customized the Twenty Twenty-Five theme using the Gutenberg Block Editor.
- Designed the homepage, navigation, and overall website layout.
- Created custom branding, including a logo and site icon.

MoveXpress Logistics Website

Technologies: WordPress, Gutenberg, WPForms

- Developed a responsive logistics company website using WordPress.
- Built dedicated Home, About, Services, Shipment Tracking, and Contact pages.
- Integrated WPForms to provide a functional contact form.

- Customized the Twenty Twenty-Five theme to create a professional business website.
